

# ARIZONA DEPARTMENT OF HEALTH SERVICES

## PREPAREDNESS

March 1, 2019

Ms. Michelle Wilson  
EMSL Analytical – Phoenix  
3356 West Catalina  
Phoenix, AZ 85017

Dear Ms. Wilson:

An application is available from the Arizona Department of Health Services Environmental Laboratory Licensure web page at <http://www.azdhs.gov/documents/preparedness/state-laboratory/lab-licensure-certification/environmental-laboratory/application/application.pdf>, which is required for your laboratory to perform environmental compliance testing. Under Arizona Revised Statute, § 36-495.02(A) (5), a laboratory can be exempt from the Arizona licensure regulations if it can show that it is accredited by a national laboratory program administered by the National Institute of Standards and Technology and approved by the department. The department's approval is based upon the laboratory filling out the application **and** providing the Department a copy of your most recent NVLAP certificate.

If you are unable to access the application on our website, please contact our office and we will mail a hard copy to your facility.

The laboratory must complete the application form, which **must be notarized** and returned to the Office of Laboratory Services for processing.

If I can be of any further assistance, please feel free to contact me at the telephone number referenced below or email me at [envapp@azdhs.gov](mailto:envapp@azdhs.gov).

Sincerely,

A handwritten signature in black ink that reads "Isaac Robert".

Isaac Robert  
Program Manager  
Office of Laboratory Licensure and Certification  
Bureau of State Laboratory Services
