Dear Melissa Newkirk:

Thank you for your application for renewal in the Environmental Laboratory Accreditation Program. Attached is a new Certificate of Accreditation covering the one-year period beginning January 19, 2025 and Scope of Accreditation.

Your WA Laboratory Accreditation is based in part on your NVLAP Accreditation.

Asbestos by 40 CFR 763 Subpart E, App A has been updated to 40 CFR 763 Subpart E, App E.

Based on your laboratory's two most recent sets of PT Study results, full accreditation is warranted for all applicable parameters. As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur
- **Participate in proficiency testing studies semi-annually, with the following exception: For each parameter where all PT results were satisfactory, you are required to submit only one PT result over this next year, and in subsequent years, as long as the results are satisfactory.**
- Submit copies of current third-party Scopes of Accreditation when they are available.

If you have any questions concerning the accreditation of your lab, please contact Rebecca Wood at (360) 871-8811, fax (360) 871-8849, or by e-mail at [rebecca.wood@ecy.wa.gov](mailto:rebecca.wood@ecy.wa.gov).

Sincerely,

A handwritten signature in black ink that reads "Rebecca Wood".
